HAWAII FFA ASSOCIATION DISTRICT AND STATE CONFERENCE ORNAMENTAL PLANT IDENTIFICATION Career Development Event (CDE)

General Announcements and Plans for Conducting the CDE:

- 1. Each chapter will be represented by a team consisting of two members working independently.
- 2. Each individual representing the chapter will use an Ornamental Plant Identification Answer Sheet which will be provided by the CDE chairperson.
- 3. The CDE Chairperson will select plants to be used at the District/State CDE from the official list of 100 plants only.
- 4. This CDE will be conducted during the District Conference and State Convention.
- 5. The CDE Chairperson will provide an answer key to the judges with the list of plants to be identified.
- 6. For the State CDE, the CDE chairperson or State Advisor shall determine which plants will be brought to the convention from each district. Or these plants, an identification number will be selected by advisors not having a chapter enter the State Plant Identification CDE to be used for the state CDE.
- 7. Students may bring a clipboard with no additional papers on it, and writing utensils to the event.
- 8. Time limit will be 60 minutes.
- 9. In the event of a tie score (total number correct), the team that finished with a combined lowest time will be declared the winner.
- 10. Participants should limit their number of answers to the number of plants. Points will be deducted for each extra answer.

State Standards Met:

NR1 1.0

The objectives of these CDE are:

- 1. To enable students to identify 100 ornamental plants.
- 2. To learn to correctly recognize both common and scientific names.
- 3. To pronounce common and scientific names of plants.

Method of Selecting a Winner:

- 1. Team members will be scored individually.
- 2. Team with the highest combined score will be declared the winner.
- 3. The decision of the judges is final

Check List Before, During, and After the Ornamental Plant Identification CDE

BEFORE

✓ Copy of Placement Sheet

✓ Copy of Score Sheet (one per participant)

DURING

☐ Copy of Score sheet (one per participant) were distributed
☐ Cuttings are properly placed and numbered
☐ Answer Key was created

 \square Time is recorded when participant started.

AFTER

☐ Placement Sheet signed and filled out
☐ All score sheets are completed
☐ Winners are correctly placed on Placement Sheet
☐ All equipment is returned
☐ Placement and Score Sheets are turned into appropriate chairperson
